

Witherley Church of England Primary School

Whole School Child Protection Policy

September 2025/2026

INTRODUCTION

Witherley Church of England Primary School

Policy statement and principles

Our Christian vision:

- To provide a safe, happy, inclusive Christian learning environment that nurtures the individuality of each child.
- To enable all children to fulfil their unique potential: emotionally, academically, physically, socially and spiritually.
- To provide our pupils with memorable learning experiences that inspire curiosity about the world around us and foster a lifelong love of learning.
- To grow together as a community, embracing difference and diversity.

In order to do this, we need to create a safe and secure environment where children are able to flourish and meet their potential. We have a safeguarding team of three – the designated lead and two deputies. The team receives refresher training every 2 years and in addition to this the staff and governors receive yearly updates. Termly safeguarding briefings are also shared with staff in order to keep up them informed of updates to practice and procedures. Staff follow the procedures set out in this policy and record all concerns on a concern sheet which is then reviewed by a member of the safeguarding team and actioned as appropriate.

The curriculum is designed to teach the children to recognise the importance of feeling safe and what they should do if they do not feel safe.

This policy should be read in conjunction with other relevant safeguarding policies.

This Child Protection Policy will be reviewed by the Senior Designated Safeguarding Lead *Mrs Debbie Middleton* on a regular basis to ensure it remains current and incorporates all revisions made to local or national safeguarding guidance. This policy will as a minimum be fully reviewed as a minimum once a year during the autumn term provided to the *Governing Body* for approval and sign off at the first autumn term meeting.

Date of last review: August 2025

1. Purpose and Aims

- 1.1 Our policy applies to all staff, governors, volunteers working in the school or making use of the premises and takes into account statutory guidance provided by the Department for Education and local guidance issued by the Leicestershire Safeguarding Children Partnership.
- 1.2 We will ensure that all parents/carers are made aware of our responsibilities regarding child protection procedures and how we will safeguard and promote the welfare of their children through the publication of this school child protection policy. These duties and responsibilities, as set out within the Education Act 2002 sec175 and 157, DfE Statutory Guidance Keeping Children Safe in Education 2025 and HM Working Together to Safeguard Children 2023 are incorporated into this policy.

2. Child Protection and Safeguarding Statement

- 2.1 We recognise our moral and statutory responsibility to safeguard and promote the welfare of all pupils. We will endeavour to provide a safe and welcoming environment where children are respected and valued. We will be alert to the signs of abuse, neglect and exploitation and follow our procedures to ensure that children receive effective support, protection, and justice.
- 2.2 The procedures contained in this policy apply to all staff, supply staff, volunteers, and governors and are consistent with those Leicester and the Leicestershire and Rutland Safeguarding Children Partnerships.

3. Maintaining a child centred and coordinated approach to safeguarding:

- 3.1 Everyone who works at school understands they are an important part of the wider safeguarding system for children and accepts safeguarding and promoting the welfare of children is everyone's responsibility and everyone who comes into contact with children and their families has a role to play. To fulfil this responsibility effectively, all our staff, including supply staff and volunteers will ensure their approach is child-centred and will be supported to consider, at all times, what is in the best interests of the child.
- 3.2 We recognise no single practitioner can have a full picture of a child's needs and circumstances. If children and families are to receive the right help at the right time, everyone who comes into contact with them has a role to play in identifying concerns, sharing information, and taking prompt action.
- 3.3 **Safeguarding children is defined as:** The actions we take to promote the welfare of children and protect them from harm are everyone's responsibility. Everyone who comes into contact with children and families has a role to play.

4. **Safeguarding and promoting the welfare of children**

4.1 Defined as:

- Providing help and support to meet the needs of children as soon as problems emerge.
- Protecting children from maltreatment, whether that is within or outside the home, including online.
 - Preventing the impairment of children's mental and physical health or development.
 - Ensuring that children grow up in circumstances consistent with the provision of safe and effective care.
 - Taking action to enable all children to have the best outcomes.
- **NB Definition:** Children includes everyone under the age of 18.

5. **Whole school approach to safeguarding:**

- 5.1 We understand the importance every member of our staff has through their contact with children in and outside of our school environment and the particular importance of the roles and relationships they have which places them in a position to identify concerns early, provide help for children and promote children's welfare and prevent concerns from escalating.
- 5.2 As a school we have a responsibility to provide a safe environment in which children can learn.
- 5.3 We will make every effort to identify children who may benefit from early help and put in place support as soon as a problem emerges at any point in a child's life.
- 5.4 **Any staff member** who has **any** concerns about a child's welfare should follow the processes set out in this child protection policy and raise concerns with the designated safeguarding lead or deputy without delay.
- 5.5 All our staff should expect to support social workers and other agencies following any referral, especially if they were involved in being alert to or receiving a disclosure of risk, harm or abuse or harassment from a child.

- 5.6 Our senior designated safeguarding lead will provide support to staff to carry out their safeguarding duties and who will liaise closely with other services such as children's social care, police, early help, and health where required, as the designated safeguarding lead (and any deputies) are most likely to have a complete safeguarding picture and be the most appropriate person to advise on the response to safeguarding concerns.

6. Safeguarding is not just about protecting children from deliberate harm. It also relates to the broader aspects of care and education including:

- Pupils' health and safety and emotional well-being, and their mental and physical health or development.
- Meeting the needs of children with special educational needs and/or disabilities.
- Meeting the legal duties on the school under the Equality act: will not unlawfully, discriminate against pupils or students based protected characteristics; we will carefully consider how we support pupils/students regarding particular protected characteristics; we will take positive action to deal with particular disadvantages affecting pupils or students (*KCSiE paragraphs 86-89*)
- Where a child receives elective home education and has an EHCP, the LA should review the plan working with parents and carers.
- The use of reasonable force.
- Meeting the needs of children with medical conditions.
- Providing first aid.
- Educational visits and off- site education.
- **Alternative Provision placements**
- Intimate care and emotional wellbeing.
- On-line safety and associated issues including filtering and monitoring in accordance with DfE monitoring standards.
- Appropriate arrangements to ensure school security, considering the local context.
- Keeping children safe from risks, harm, exploitation and sexual violence and sexual harassment between children: KCSiE 2025 Annex A.

7. Safeguarding can involve a range of potential issues

7.1 Such as:

- Neglect, physical abuse, sexual abuse, emotional abuse and exploitation.
- Contextualised also known as extra-familial abuse.
- Bullying, including online bullying (by text message, on social networking sites, and prejudice-based bullying and being aware of the ease of access to mobile phone networks.
- The approach to online safety, including appropriate filtering and monitoring on school devices and school networks for home use.
- Going frequently missing and who are 'absent from education' going 'missing from care or home' and the risks this poses on repeat occasions and for prolonged periods.
- Domestic Abuse including teenage relationship abuse.
- Domestic Abuse including where they see, hear or experience its effects.
- Racist, disability- based, homophobic, bi-phobic, or transphobic abuse.
- Gender based violence/violence against women and girls.
- Risk of extremist behaviour and/or radicalisation and susceptible to being at risk of being drawn into terrorism.

- Child sexual exploitation, human trafficking, modern slavery, sexual or criminal exploitation.
- A young carer.
- Has a mental health need and has an effect on school attendance and progress.
- Has special educational needs (whether or not they have a statutory Education Health and Care Plan (EHCP)).
- Privately fostered.
- Has returned home to their family from care.
- Has a family member in prison or is affected by parental offending.
- Child-on-Child Abuse (broadened by KCSiE 2025 to include children abusing other children, other varying form of bullying including online and sexually harmful behaviour, sexual violence, and sexual harassment (further defined in KCSiE 2025 Part Five).
- Harm outside the home extra familial harm.
- The impact of new technologies, including 'sexting' and accessing pornography.
- **The impact of generative artificial intelligence**
- **Exposure to misinformation, disinformation (including fake news) and conspiracy theories**
- Issues which may be specific to a local area or population, is showing signs of being drawn into anti-social or criminal behaviour, including gang activity or involvement and associations with organised crime groups or county lines.
- In possession of a knife and or involved in knife crime, youth violence, criminal child exploitation (CCE).
- Is in family circumstances which present challenges for the child, such as drug and alcohol misuse, adult mental health issues and domestic abuse/harm.
- Is at risk of or from serious violence and violent crime.
- Persistent absence from education, including persistent absence for part of the school day.
- At risk of suspension or permanent exclusion
- Particular issues affecting children including domestic abuse and violence, female genital mutilation, and honour-based abuse.
- Being subject to any conduct where the purpose is to cause a child to marry before their eighteenth birthday, even if violence, threats, or another form of coercion are not used. As with the existing forced marriage law, this applies to non-binding, unofficial 'marriages' as well as legal marriages (Law change on Forced Marriage, February 2023).
- 'Upskirting'- The Voyeurism (Offences) Act, which is commonly known as Upskirting Act, came into force on 12 April 2019. Upskirting is a criminal offence and reportable by all teachers (KCSiE Annex A).

7.2 All our staff and volunteers are aware of the indicators of abuse, neglect and exploitation and know what to look for is vital for the early identification so that support can be put in place. Our staff and volunteers are also aware of the specific safeguarding issues that indicate or inform of concerns or incidents linked to child criminal exploitation and child sexual exploitation and know to report concerns directly to the designated safeguarding or a member of the senior leadership team should the designated safeguarding lead not be available for children who may be in need of help or protection.

7.3 Our staff recognise that children may not feel ready or know how to tell someone that they are being abused, exploited, or neglected, and/or they may not recognise their experiences as harmful. Children may also feel embarrassed,

humiliated, or could be being threatened not to tell, so not feel able to share what is happening to them. Alternatively, we recognise children may not want to make a disclosure or talk about what is happening due to their vulnerability, disability and/or sexual orientation or language barriers. This should not prevent staff from having a professional curiosity and speaking to the DSL if they have concerns about a child and agree a way forward to support the child and determine how best to build trusted relationships with children and young people which facilitate good opportunities for communication.

- 7.4 **All staff** should **always** speak to the designated safeguarding lead, or deputy at the earliest opportunity.
- 7.5 As a school we are aware that abuse, neglect, and safeguarding issues are rarely standalone events and cannot be covered by one definition or one label alone. In most cases, multiple issues will overlap with one another, therefore all staff should always be vigilant and always raise any concerns with the designated safeguarding lead (or deputy).
- 7.6 **All staff** should be aware that safeguarding incidents and/or behaviours can be associated with factors outside the school and/or can occur between children outside of our school environment.
- 7.7 All our staff have received information and training regarding the risks that can take place outside the child's family. This is known as extra-familial harm and these can take a variety of different forms and children can be vulnerable to multiple harms including (but not limited to) sexual exploitation, criminal exploitation, sexual abuse, serious youth violence and county lines.
- 7.8 Our staff are aware that technology offers many opportunities but is a significant component in many safeguarding and wellbeing issues. Children are at risk of abuse online as well as face to face. Children can also abuse their peers online, this can take the form of abusive, harassing, and misogynistic messages, the non-consensual sharing of indecent images, especially around chat groups, and the sharing of abusive images and pornography, to those who do not want to receive such content.
- 7.9 All our staff have 'an understanding of the expectations, applicable to their roles and responsibilities in relation to filtering and monitoring' of ICT systems and regular monitoring of school's equipment and networks.

8. Online Safety

- 8.1 Our school approach to online safety, including appropriate filtering and monitoring on school devices and school networks is reflected in this Child Protection Policy including awareness of the ease of access to mobile phone networks. (See KCSiE 2023 Paragraph 138).
- 8.2 Our Senior DSL and the DSL team has the lead responsibility in this area, which is overseen and regularly reviewed by the Governing body, along with considering the number of and age range of their children, those who are potentially at greater risk of harm, and how often they access the IT system along with the proportionality of costs versus safeguarding risks.
- 8.3 Our Governing body will ensure they maintain oversight of the Online Safety Policy, and the arrangements put in place to ensure appropriate filtering and monitoring on school devices and school network. The appropriateness of any filtering and monitoring systems will in part be informed by the risk assessment required by the Prevent Duty as required by KCSiE 2025 paragraph 140-150.

8.4 This will include:

- identify and assign roles and responsibilities to manage filtering and monitoring systems.
- review filtering and monitoring provision at least annually.
- block harmful and inappropriate content without unreasonably impacting teaching and learning.
- have effective monitoring strategies in place that meet the school safeguarding need.
- review and discuss the standards with the leadership team, IT staff and service providers to ensure the school/college meets the standard published by the [Department for Education filtering and monitoring standards](#).

8.5 Our school uses an online monitoring and filtering system which is managed and monitored by the DSL. The system records logs of all traffic and blocks access to materials which are unsuitable. This system is managed by both emPSN (broadband) and EKTE (filtering).

8.6 Our Governing body/trust will ensure a review is maintained to ensure standards. They will discuss with IT staff and service providers these standards and whether more needs to be done to support our school/college in meeting and maintaining these standards and communicating these to staff, our pupils, parents, carers and visitors to the school who provide teaching to children *as part of the learning and educational opportunities we provide*.

8.7 Our Senior DSL and the DSL team will always act in the 'best interest of the child' and remain mindful of the importance with parents and carers about safeguarding concerns held for children and in particular children's access to online sites when away from school.

8.8 We will support understanding of harmful online challenges and hoaxes and share information with parents and carers and where they can get help and support.

8.9 *All forms of abuse or harassment will be reported in accordance with national safeguarding guidance, and we will take a 'zero tolerance' approach to harassment and abuse as informed in KCSiE 2025.*

8.10 As a school should an incident or disclosure be made by a child, our staff will always reassure the child (victim) that they are being taken seriously and that they will be supported and kept safe, but we recognise that not every victim will view themselves as such. We will also be mindful of the use of other terminology such as '**alleged perpetrator(s)**' or '**perpetrator(s)**' as in some cases the abusive behaviour will have been harmful to the perpetrator as well.

8.11 We will do our best to ensure children understand the law on child-on-child abuse is there to protect them rather than criminalise them. In doing this we will discuss with relevant statutory safeguarding agencies to ensure all concerns or incidents are addressed fully, and where required different types of assessment and services are put in place where required and in accordance with the Pathway to Provision v 9.1.

9. Identifying Concerns

9.1 All members of staff, volunteers and governors will be aware of indicators of abuse, neglect and exploitation know, will know how to identify pupils who may be being harmed and then how to respond to a pupil who discloses abuse, or

where others raise concerns about them. Our staff will be familiar with procedures to be followed and will receive safeguarding and child protection (including online safety) updates.

- 9.2 Staff understand that abuse, neglect, and safeguarding issues are rarely standalone events that can be covered by one definition, and that in most cases multiple issues will overlap with each other. Staff who regularly come into contact with children are aware of the DfE guidance [What to do if you're worried a child is being abused](#)

- 9.3 The four main categories of child abuse are as follows:

1. Physical Abuse
2. Emotional Abuse
3. Sexual Abuse
4. Neglect

10. Indicators of abuse, neglect and exploitation:

- 10.1 **Abuse:** a form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm or by failing to act to prevent harm. Children may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others. Abuse can take place wholly online, or technology may be used to facilitate offline abuse. Children may be abused by an adult or adults or by another child or children. Harm can include ill treatment that is not physical as well as the impact of witnessing ill treatment of others. This can be particularly relevant, for example, in relation to the impact on children of all forms of domestic abuse, including where they see, hear or experience its effects.
- 10.2 **Physical abuse:** a form of abuse which may involve hitting, shaking, throwing, poisoning, burning, or scalding, drowning, suffocating, or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.
- 10.3 **Emotional abuse:** the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. It may involve conveying to a child they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectation being imposed on children. These may include interactions that are beyond a child's developmental capability as well as over protection and limitation of exploration and learning or preventing the child from participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyberbullying), causing children to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.
- 10.4 **Sexual abuse:** involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbations, kissing, rubbing, and touching outside of clothing. They may also include non-contact activities, such as involving children to look at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in

preparation for abuse. Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children. The sexual abuse of children by other children is a specific safeguarding issue (also known as child-on-child abuse) in education and **all** staff should be aware of it and of their school or colleges policy and procedures for dealing with it.

10.5 **Neglect:** the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy, for example, because of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to; provide adequate food, clothing, and shelter (including exclusion from home or abandonment); protect a child from physical and emotional harm or danger; ensure adequate supervision (the use of inadequate caregivers); or ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

10.6 **Child Criminal Exploitation:** occurs where an individual or group takes advantage of an imbalance of power to coerce, control, manipulate or deceive a child or young person under the age of 18. The victim may have been criminally exploited even if the activity appears consensual.

Child Criminal Exploitation does not always involve physical contact; it can also occur through the use of technology. Criminal exploitation often happens alongside sexual or other forms of exploitation.

Child Criminal Exploitation is broader than just county lines and includes for instance children forced to work on cannabis farms, to commit theft, shoplift or pickpocket, or to threaten other young people.

10.7 **Child Sexual Exploitation (CSE):** is a type of sexual abuse. It happens when a child or young person is coerced, manipulated or deceived into sexual activity in exchange for things that they may need or want like gifts, drugs, money, status and affection.

11. Safeguarding issues:

11.1 All staff should have an awareness of safeguarding issues that can put children at risk of harm. Behaviours linked to issues such as drug taking and or alcohol misuse, deliberately missing education unexplainable and/or persistent absences from education and consensual and non-consensual sharing of nudes and semi-nude images and/or videos can be signs that children are at risk.

11.2 As a school we will teach children in an age-appropriate way about youth produced imagery, on-line risks associated with social networking to prevent harm by providing them with the skills, attributes, and knowledge to help them navigate risks, including covering online safety, remote learning, filters and monitoring, information security, cyber-crime, reviewing online safety platforms and use of mobile technology. We will ensure appropriate filters and monitoring systems in place and regularly review their effectiveness.

11.3 The education we provide for online safety will take into account the need for children to learn using online technologies in a safe environment whether that be in school in the home or in a community environment. This will also be taught as part of a wider RSHE programme, as well as through other subject areas and ICT. The use of mobile phones in school by children is restricted. Any child who brings a mobile device into school hands it over to the class teacher who stores it safely until the end of the day. We use class dojo to inform with parents

on the dangers associated with online activities and where to seek support in the form of leaflets and images.

- 11.4 Our school ethos demonstrates that the effective safeguarding of children can only be achieved by putting children at the centre of a system where we listen and hear what they say. Every individual within Witherley Church of England Primary will play their part, including working with professionals from other agencies, particularly social workers, to meet the needs of our most vulnerable children and keep them safe. We will take opportunities to teach children about important safeguarding issues in a way that is age appropriate.
- 11.5 Pastoral support in our school is strong. Staff have strong relationships with children and all children are taught and encouraged to identify 'safe' adults in school who they can seek support from if necessary. Our PSHE curriculum focuses on how to be safe in all areas of life e.g. online, in relationships. We tailor our approach according to the individual and use a variety of resources to support our wishes and feelings work e.g. thoughts and feelings diary, 3 houses. Where possible children are encouraged to record their thoughts themselves but where this is not possible staff use a combination of scribing and images.
- 11.6 Our school is led by senior members of staff and governors whose aims are to provide a safe environment and vigilant culture where children and young people can learn and be safeguarded. If there are safeguarding concerns, we will respond with appropriate action in a timely manner for those children who may need help or who may be suffering, or likely to suffer, significant harm.
- 11.7 Where staff members have concerns about a child (as opposed to a child being in immediate danger) they will decide what action to take in conjunction with the Snr Designated Safeguarding Lead. Although we advocate that any staff member can make a referral to children's social care or First Response, especially where a child is identified as being in immediate danger, they should however ensure that the Designated Safeguarding Lead (DSL), or a member of the senior leadership team is informed as soon as possible.
- 11.8 We also ensure that all our staff are clear that whilst they should discuss and agree with the DSL any actions to be taken, they are able to escalate their concerns and contact First Response, First Response Consultation Line or social care to seek support for the child if despite the discussion with the DSL their concerns remain. Staff are also informed of the school whistle blowing procedures and the contact details for the Local Authority LADO and NSPCC helpline.
- 11.9 Our school ethos demonstrates that the effective safeguarding of children can only be achieved by putting children at the centre of a system where we listen and hear what they say. Every individual within Witherley Church of England Primary will play their part, including working with professionals from other agencies, particularly social workers, to meet the needs of our most vulnerable children and keep them safe. We will take opportunities to teach children about important safeguarding issues in a way that is age appropriate.
- 11.10 How we put our pupils at the centre of our Safeguarding arrangements:

Our school is committed to placing children at the heart of all safeguarding practices. We recognise that safeguarding is not just about protecting children from harm, but also about **empowering them, listening to them, and ensuring their voices are heard and respected.**

Child-Centred Approach

- We ensure that all safeguarding decisions consider the **child's wishes, feelings, and lived experiences**.
- Staff are trained to **build trusting relationships** with pupils, encouraging open communication and emotional safety.
- Children are supported to **express concerns** through multiple channels, including trusted adults, worry boxes, and digital reporting tools.

Listening to the Child's Voice

- Regular **pupil voice surveys** and feedback sessions are conducted to understand children's views on safety, wellbeing, and school culture.
- Children are involved in shaping safeguarding policies through **school councils, focus groups, and peer mentoring programmes**.
- Staff are trained to **actively listen**, validate children's experiences, and respond appropriately.

Safeguarding Education

- Through **PSHE, RSE, and assemblies**, children are taught about their rights, personal safety, consent, and how to seek help.
- We promote a culture of **respect, inclusion, and zero tolerance for bullying, harassment, or abuse**.

Supportive Environment

- Our Designated Safeguarding Leads (DSLs) are **visible and accessible**, and children know who they are and how to approach them.
- Pastoral care teams provide **safe spaces** for children to talk, reflect, and receive support.

11.11 *Our school is led by senior members of staff and governors* whose aims are to provide a safe environment and vigilant culture where children and young people can learn and be safeguarded. If there are safeguarding concerns, we will respond with appropriate action in a timely manner for those children who may need help or who may be suffering, or likely to suffer, significant harm.

11.12 Where staff members have concerns about a child (as opposed to a child being in immediate danger) they will decide what action to take in conjunction with the Snr Designated Safeguarding Lead. Although we advocate that any staff member can make a referral to children's social care or First Response, especially where a child is identified as being in immediate danger, they should however ensure that the Designated Safeguarding Lead (DSL), or a member of the senior leadership team is informed as soon as possible.

11.13 We also ensure that all our staff are clear that whilst they should discuss and agree with the DSL any actions to be taken, they are able to escalate their concerns and contact First Response, First Response Consultation Line or social care to seek support for the child if despite the discussion with the DSL their concerns remain. Staff are also informed of the school whistle blowing procedures and the contact details for the Local Authority LADO and NSPCC helpline.

12. Alternative providers and other agencies

- 12.1 As a school we work closely with other agencies in order to safeguard the children in our care. The ways in which we do this are by holding regular meetings in school, taking part in partnership forums/events, and accessing multi-agency training. We also offer to facilitate meetings for individual children and families in school to support easier local access and involvement by children, parents and or carers.
- 12.2 Where a school places a pupil with an alternative provision provider, the school continues to be responsible for the safeguarding of that pupil and should be satisfied that the provider can meet the needs of the pupil.
- 12.3 Children who attend alternative education often have complex needs, it is important governing bodies/trusts and designated safeguarding leads ensure children are fully always supported, and the alternative setting is aware of any additional risks of harm that pupils may be vulnerable to. Information sharing for pupils who receive education provision outside of a mainstream setting is vital to support the child and ensure the learning environment where they are placed has all necessary information for the child before they access the provision. The working together principles are key to keep the child safe and understanding the vulnerabilities needing to be supported. This should include up to date contact details for the professionals working with the child and family.
- 12.4 Schools should also obtain written confirmation from the alternative provision provider that appropriate safeguarding checks have been conducted on individuals working at the establishment, i.e., those checks that the school would otherwise perform in respect of its own staff.
- 12.5 The Senior Designated Safeguarding Lead (DSL) or headteacher, who is familiar with national and local guidance, will share concerns, where appropriate, with the relevant agencies.
- 12.6 We do not currently use any alternative provision.
- 12.7 ***Schools should always know where a child is based during school hours. This includes having records of the address of the alternative provider and any subcontracted provision or satellite sites the child may attend.***
- 12.8 The school currently uses an external provider MHR to provide lunchtime/after-school clubs and holiday clubs. A copy of the schools' child protection is shared prior to the clubs starting and we also hold a copy of the providers Policy and procedure. The providers have the contact information of senior staff/DSL's (holiday clubs). The lunchtime/after-school clubs are run whilst staff are on site and available for support in the event of a safeguarding incident.

13. CPD, culture and ethos

- 13.1 The DSL leads safeguarding refresher training for all staff in August each year. Alongside this the latest KCSiE document is shared along with the child protection policy and code of conduct.

Any new staff receive safeguarding induction training as well as copies of the relevant policies.

In addition to this, the local authority safeguarding briefings are shared with all staff and a copy is also displayed in the staffroom on the safeguarding display board.

A log of training is kept in the Safeguarding File that is stored in the main school office.

- 13.2 The school operates safer recruitment procedures and ensures that all appropriate checks are carried out on new staff and volunteers who will work with children, including identity, right to work, enhanced DBS criminal record and barred list (and overseas where needed), references, and prohibition from teaching or managing in schools (s.128).

In addition to this, as part of the shortlisting process the school office will carry out a simple online search as part of due diligence on the shortlisted candidates. This may help identify any incidents or issues that have happened and are publicly available online, which the school may want to explore more during the interview with the applicant.

Responsibilities of the DSL/DSL Team

- 14.1 The Senior DSL and deputies (DSL team) maintains a key role in raising awareness amongst staff about the needs of children who have or who have had a social worker and the barriers that those children might experience in respect of attendance, engagement and achievement at schools or college. **This should include children under kinship care.**
- 14.2 The Senior DSL along with the Designated Teacher can inform the Governing body and Headteacher the number of children in their cohort who have or who have had a social worker and appropriate information is shared with teachers and staff on individual children's circumstances.
- 14.3 The Designated Teacher and Senior Designated Safeguarding Lead maintain data for children who have looked after status and for children who have been involved in the care system.
- 14.4 The Designated Teacher maintains good links with the Virtual School Head to promote the educational achievement of previously looked after children. The role of virtual school heads was extended in June 2021, to include a non-statutory responsibility for the strategic oversight of the educational attendance, attainment, and progress of children with a social worker. The virtual school head should identify and engage with key professionals, helping them to understand the role they have in improving outcomes for children. This should include Designated Safeguarding Leads, social workers, headteachers, governors, Special Educational Needs Co-ordinators, mental health leads, other local authority officers.
- 14.5 The school currently has 3 designated safeguarding leads. All of these have received the full training and attend a refresher course every two years. The Lead DSL is also Prevent trained, mental health first aider trained (Adult and child), and safer recruitment trained. The team meet at least half termly to discuss any ongoing concerns and to identify training needs.
- 14.6 Under the section on additional safeguarding vulnerabilities of children with SEND, the SEND Code of Practice is a source of information and support is available from specialist organisations including SENDIASS. In order to support our children, we work closely with organisations from both Leicestershire and Warwickshire. These include autism outreach, occupational health, speech and language, early years and SENDIASS.

14. The seven main elements of our Child Protection Policy

15.1 There are seven main elements to our policy:

- Providing a safe environment in which children can learn and develop.
- Ensuring we practice safe recruitment in checking the suitability of staff and volunteers to work with children.
- Developing and then implementing procedures for identifying and reporting cases, or suspected cases of abuse in and outside of school.
- Supporting pupils who have social care involvement in accordance with his/her child in need plan, child protection plan or are subject to Local Authority Care.
- Raising awareness of safeguarding children, child protection processes and equipping children with the skills needed to keep them safe in and outside of school.
- Working in partnership with agencies and safeguarding partners in the 'best interest of the child.'
- Ensuring we have appropriate policies and procedures to deal with child-on-child sexual violence and sexual harassment, including those that have happened outside of the school or college premises and/or online, forms of harassment and harmful sexual behaviour. Filtering and monitoring arrangements for online safety and harms *are* included within the main policy.

Providing a safe environment

16.1 We recognise that because of the day-to-day contact our school have with children they and we are well placed to observe the outward signs of abuse.

16.2 The school will therefore:

- 16.2.1 Establish and maintain an environment where children feel secure, are encouraged to talk, and are listened to and heard.
- 16.2.2 Ensure children know that there are trusted adults in the school who they can approach if they are worried.
- 16.2.3 Ensure that every effort is made to establish effective working relationships with parents, carers, and colleagues from other agencies.
- 16.2.4 Include opportunities in the RSHE curriculum for children to develop the skills they need to recognise and stay safe from abuse by:
- 16.2.5 Recognise and managing risks including online safety, radicalisation and extremism, sexual exploitation, child on child sexual violence and sexual harassment, the sharing of nude and semi -nude images which has replaced what was termed as sexting.
- 16.2.6 Support the development of healthy relationships and awareness of domestic violence and abuse, recognising that Domestic Abuse can encompass a wide range of behaviours and may involve a single incident or a pattern of incidents. That abuse can be, but is not limited to, psychological, physical, sexual, financial, or emotional harm and children can be victims of domestic abuse. They may see, hear, or experience the effects of abuse at home and/or suffer domestic abuse in their own intimate relationships (teenage relationship abuse). All of which can have a detrimental and long-term impact on their health, well-being, development, and ability to learn.

- 16.2.7 Recognising how pressure from others and safeguarding vulnerabilities can affect their behaviour.
- 16.2.8 Recognising the link between mental health, school attendance and children 'absent from education' and the impact on learning, progress, and educational attainment.
- 16.2.9 Knowing that as a school we will act swiftly to address any concerns related to serious violence, gang and knife crime or child on child sexual violence or sexual harassment incidents.
- 16.2.10 Ensuring our policies include measures to prevent bullying, including cyberbullying, harmful online challenges, hoaxes, prejudice-based and discriminatory bullying and use of social media platforms and networks. References to these can be found in our Behaviour Policy, Online Safety Policy and within the main Child Protection Policy.
- 16.2.11 Maintain an on-line safety policy which address statutory filtering and monitoring standards, which consider remote learning, and use of mobile and smart technology and is reviewed regularly to take into account any new threats.
- 16.2.12 The response required by schools and safeguarding agencies to address any 'harm outside the home' also known as 'extra familial harm.' Schools are a place of protection and where children and young people can share concerns and seek support and are place of safety and where children and young people can form safe and trusted relationships. Through creating a whole school ethos and sharing excellent communication with safeguarding partners and services, children and young people can feel assured they will be listened to, heard, and offered support to enable them share sensitive information and strengthen their resilience.
- 16.2.13 Importance of our school ethos of working together with parents, carers, and external services to form strong and trusted partnerships which can advocate trauma informed and trauma aware responses and where trusted relationships can be formed and go on to create safe places and spaces within the community, so children and young people know how to access a place of safety outside of the school/college environment if needed.
- 16.3 We link with the police, and early help to support pupils and their families. Our safeguarding team has also attended workshops looking at exploitation – how to spot the signs and the support that can be accessed.

<http://www.childexploitationeastmidlands.org.uk/>

 Our RHSE curriculum is designed to teach children how to stay safe. It includes topics such as healthy relationships, consent, mental health and wellbeing. Teaching is tailored to meet the needs of the children and there are opportunities for single sex lessons if appropriate. Our aim is to equip the children with the skills they need to stay safe (including on line) and where they can seek out help and support if necessary
- 16.4 We will take all reasonable measures to ensure any risk of harm to children's welfare is minimised inside and outside of the school environment.
- 16.5 Take all appropriate actions to address concerns about the welfare of a child, working to local policies and procedures in full working partnership with agencies.

- 16.6 Ensure robust child protection arrangements are in place and embedded in the daily life and practice of the school.
- 16.7 Promote pupil health and safety.
- 16.8 Promote safe practice and challenge unsafe practice.
- 16.9 Ensure that procedures are in place to deal with allegations of abuse against teachers and other staff including volunteers, supply staff and contractors. KCSiE Part Four has two sections, the second section addresses low-level concerns.
- 16.10 Provide first aid and meet the health needs of children with medical conditions.
- 16.11 Ensure school site security.
- 16.12 Address drugs and substance misuse issues.
- 16.13 Support and plan for young people in custody and their resettlement back into the community.
- 16.14 Work with all agencies regarding missing children, anti-social behaviour/gang activity and violence in the community/knife crime and children at risk of sexual exploitation.
- 16.15 Everyone having a duty to safeguard children inside/outside the school environment including school trips, extended school activities, vocational placements, and alternative education packages.

15. Additional measures

- 17.1 Our school recognises the impact mental health and wellbeing has on a children and their ability to thrive. All staff have been trained as Youth Mental Health First Aiders. Research also shows that being outdoors is good for mental health so we have Forest Schools which we use as an intervention for identified pupils. In addition to this we also work closely with the inclusion team and other services to support children either through a personalised plan or as part of the RSHE curriculum.
- 17.2 Our RSHE curriculum includes LGBTQ+ content and we allow children the space and time to discuss this and ask questions. All children are encouraged to choose a trusted adult who they can reach out to privately. The DSL will oversee this to ensure that there are no safeguarding risks.

Any homophobic or discriminatory behaviour will be dealt with accordingly and logged via CPOMs.
- 17.3 We recognise the risks to pupils at the beginning and end of the school day as they are passing from our care back into the care of their parents. In order to minimise the risks, the following procedures are followed:
 - Only named individuals are able to pick up
 - Where school are not aware of any changes – clarification to be sought before releasing the child
 - HT/DSL on gate at beginning end/end of day to monitor and look out for unknown individuals.
 - EYFS class to leave by St Peters Road exit and each child handed over individually to parents

- Parents who wish for their children to walk home alone (upper key stage 2) **must** email the school office giving permission for this to happen. It is encouraged that those pupils have access to a mobile phone (these are stored securely by the teacher during the school day) and they are encouraged to return to school to seek help if they are concerned.

If any strangers are noted within the vicinity by either parents or staff a senior member of staff will approach them and ask if they can help. If a threat is identified – the police will be contacted and the appropriate steps taken to ensure the safety of the staff, pupils, parents and the local community.

16. Procedures for identifying and reporting cases

18.1 We will follow the procedures set out by the Leicestershire and Rutland Safeguarding Children Partnership (LRSCP) and take account of guidance issued by the DfE in Keeping Children Safe in Education 2025 to:

- 18.1.1 Ensure we have a Senior Designated Safeguarding Lead (DSL), who is a member of the school/college leadership team, and a Deputy Safeguarding Lead for child protection/safeguarding who has received appropriate training and support for this role.
- 18.1.2 The Designated Safeguarding Lead role is written into their job description and clarifies the role and responsibilities including as defined in KCSiE 2025 Annex C.
- 18.1.3 Ensure we have a nominated governor responsible for child protection/safeguarding.
- 18.1.4 Ensure that we have a Designated Teacher for Looked After Children (LAC).
- 18.1.5 Ensure every member of staff (including temporary, supply staff and volunteers) and the governing body knows the name of the Senior Designated Safeguarding Lead, their deputies responsible for child protection, and their role.
- 18.1.6 Ensure all staff and volunteers understand their responsibilities in being alert to the signs of abuse and their responsibility for referring any concerns to the Designated Safeguarding Lead, or to children's social care/police if a child is in immediate danger.
- 18.1.7 Ensure all staff and volunteers are aware of the early help process and understand their role in making referrals or contributing to early help offers and arrangements.
- 18.1.8 Ensure that there is a whistleblowing policy and culture where staff can raise concerns about unsafe practice, and that these concerns will be taken seriously.
- 18.1.9 Ensure that there is a complaints system in place for children and families.
- 18.1.10 Ensure that parents understand the responsibility placed on the school and staff for child protection and safeguarding by setting out its obligations in the school prospectus and on the school's website.

- 18.1.11 Notify Children's Social Care if there is an unexplained absence for a child who is subject to a child protection plan and where no contact can be established with the child, or a parent or appropriate adult linked to the child.
- 18.1.12 Develop effective links with relevant agencies and cooperate as required with their enquiries regarding child protection matters, including attendance at child protection conferences.
- 18.1.13 Keep written records of concerns about children, even where there is no need to refer the matter immediately; documenting and collating information on individual children to support early identification, referral, and actions to safeguard.
- 18.1.14 Ensure all records are kept securely; via our electronic system - CPOMs
- 18.1.15 Ensure that we follow robust processes to respond when children are missing from education or missing from home or care.
- 18.1.16 Develop and then follow procedures where an allegation is made against a member of staff or volunteer.
- 18.1.17 Ensure safe recruitment practices are always followed.
- 18.1.18 Apply confidentiality appropriately.
- 18.1.19 Apply the LLRSCB escalation procedures if there are any concerns about the actions or inaction of social care staff or staff from other agencies.

Supporting children and working in partnership

- 19.1 We recognise that children may not feel ready or know how to tell someone that they are being abused, exploited, or neglected, and/or they may not recognise their experiences as harmful. For example, children may feel embarrassed, humiliated, or being threatened. This could be due to their vulnerability, disability and/or sexual orientation or language barriers. We recognise that children who are abused or who witness violence may find it difficult to develop a positive sense of self-worth. They may feel helplessness, humiliation, and some sense of blame. The school may be the only stable, secure, and predictable element in the lives of children at risk. When at school their behaviour may be challenging and defiant or they may be withdrawn. This should not prevent staff from having a professional curiosity and speaking to the DSL if they have concerns about a child. It is also important that staff determine how best to build trusted relationships with children and young people which facilitate communication. We also recognise that there are children who are more vulnerable than others, which include children with special educational needs and or disabilities.
- 19.2 All staff including volunteers are advised to maintain the attitude of '**it could happen here**' where safeguarding is a concern, and when concerned about the welfare of the child should always act in the **best** interests of the child.
- 19.3 Our school will endeavour to support the pupil through:
 - 19.3.1 Developing the content of the curriculum to include the teaching of safeguarding and citizenship skills so that children can recognise the risks and how to keep themselves safe out in the world as well as how to seek help and support when necessary.

- 19.3.2 Maintaining a school ethos which promotes a positive, supportive, and secure environment, and which gives pupils a sense of them being valued.
- 19.3.3 The school behaviour policy, anti-bullying policy and child-on-child abuse policy which is kept up to date with national and local guidance and which is aimed at supporting vulnerable pupils in our school.
- 19.3.4 Our school will proactively ensure that all children know that some behaviours are unacceptable and will need to be addressed but as members of our school they are valued and will be supported through the time required to deal with any abuse or harm that has occurred, or outcomes from incidents.
- 19.3.5 Where behaviour becomes a concern the school will put in place a support package for the individual. Strategies used to support are as follows:
- Social and communication Groups
 - Quiet areas to decompress
 - Structured 'play' activities at break times
 - Internal isolation time (H/T)
 - Reduced timetables
- In addition to this support is also offered to any other individuals who are involved in the incidents in the form of a safe space with a trusted adult to discuss and work through their emotions and if they require any additional support.
- 19.3.6 Liaison with other agencies that support the pupil such as Children's Social Care (in line with the [Thresholds for access to services](#), updated in September 2021); [Leicestershire Inclusion Service](#) and [Education Psychology Service](#), and the [Children and Family Wellbeing Service](#), etc.
- 19.3.7 Ensuring that, where a pupil leaves and is subject to a child protection plan, child in need plan or where there have been wider safeguarding concerns, their information is transferred to the new school immediately or within **5 working days** and that the child's social worker is informed.
- 19.3.8 Ensuring that the vulnerability of children with special educational needs and or disabilities is recognised and fully supported through our SEN provision. This support may include specific resources, additional time, specific interventions or the allocation of key adults.
- 19.3.9 Where a child discloses a concern or informs of an incident that has involved them in an incident involving sexual violence and or sexual harassment the staff member will ensure the child (victim) is taken seriously, kept safe and never be made to feel like they are creating a problem for reporting abuse, sexual violence, or sexual harassment.
- 19.3.10 The staff member if not the designated safeguarding lead (Mrs D Middleton) or another member of the safeguarding team will inform them immediately, and actions taken in accordance with the school child-on -child/ sexual violence and sexual harassment between children in school and college policy.
- 19.3.11 Further advice and support can be sort from the Local Authority Safeguarding team and the designated governor for safeguarding Mrs Rebecca Dyde.

17. Staff and Safe Recruitment

- 20.1 The leadership team and governing body of the school will ensure that all safer working practices and recruitment procedures are followed in accordance with the guidance set out in KCSiE 2025 Part Three.
- 20.2 School leaders, staff and members of the governing body will be appropriately trained in safer working practices and access safer recruitment training.
- 20.3 Statutory pre-employment checks and references from previous employers are an essential part of the recruitment process. We will ensure we adopt the appropriate necessary procedures to carry out the checks required and where any concerns arise, we will seek advice and act in accordance with national guidance.
- 20.4 The school has in place recruitment, selection, and vetting procedures in accordance with KCSiE 2025 Part Three and maintains a Single Central Record (SCR), which is reviewed regularly and updated in accordance with KCSiE 2025 Part Three paragraphs 209 to 351.
- 20.5 Staff will have access to advice on the boundaries of appropriate behaviour and will be aware of the School Employee Code of Conduct, which includes contact between staff and pupils outside the work context. Concerns regarding low-level concerns will be included in our Code of Conduct from 1 September 2025 in line with KCSiE Part Four Section two. Staff can access a copy of this via the office.
- 20.6 Newly appointed staff and volunteers will be informed of our arrangements for safer working practices by a member of the safeguarding team before beginning working and contact with pupils.
- 20.7 In the event of any complaint or allegation against a member of staff, the headteacher (or the Designated Safeguarding Lead) if the headteacher is not present, will be notified immediately. If it relates to the headteacher, the chair of governors will be informed without delay. We will respond to all allegations robustly and appropriately in collaboration with the Local Authority Designated Officer (LADO), LADO Allegation Officers or HR Service.
- 20.8 Staff may find some of the issues relating to child protection and the broader areas of safeguarding upsetting and may need support which should be provided by the school and their Human Resources Team.
- 20.9 Advice and support will be made available by the Safeguarding and Compliance Lead (SCL), LADO and LCC HR where appropriate to the leadership team.

Please Note: KCSiE 2025 Part Three: Alternative Provision – Where a school places a pupil with an alternative provision provider, the school continues to be responsible for the safeguarding of that pupil and should be satisfied that the provider meets the needs of the pupil.
- 20.10 Schools should obtain written confirmation from the alternative provision provider that appropriate safeguarding checks have been conducted on individuals working at the establishment, i.e., those checks that the school would otherwise perform in respect of its own staff.
- 20.11 Prior to the use of alternative providers, the school will complete a visit and request written confirmation from the organisation that all of the appropriate safeguarding checks have been completed e.g., DBS, right to work etc. A copy of this will be kept on file.

21. Links to other Local Authority policies

Staff know in the first instance to discuss their concerns with the Designated Safeguarding Lead and understand they may be required to support other agencies and professionals in assessments for early help.

22.6 As a school we operate an open-door policy and actively encourage parents and carers to communicate with us regarding any concerns or support they may need. A member of the safeguarding team is always available on the gate at the beginning/end of the day. Parents/carers are also welcome to telephone or email the school office to make an appointment to speak to a member of the team.

22.7 We recognise the importance of children being able to meet with their social workers during the school day when required. These meetings are vital for ensuring that children feel supported, heard, and that their welfare needs are being addressed in a timely and effective manner.

Our **Designated Safeguarding Leads (DSLs)** play a central role in facilitating these meetings and ensuring they are conducted in a safe, respectful, and confidential manner. DSLs:

- **Coordinate with social workers and safeguarding partners** to arrange appropriate times and spaces for meetings, ensuring minimal disruption to the child's learning.

Through this collaborative approach, we ensure that children subject to safeguarding plans are kept safe, supported, and able to thrive both emotionally and academically.

23.7 All our staff know what to do if a child is raising concerns or makes a disclosure of abuse and/or neglect. Staff will maintain a level of confidentiality whilst liaising with the Designated Safeguarding Lead and children's social care. Our staff will never promise a child that they will not tell anyone about a disclosure or allegation, recognising this may not be in the best interest of the child.

24 Staff responsibilities

- 24.1 All staff have a key role to play in identifying concerns and provide early help for children. To achieve this, they will:
- 24.7.1 Establish and maintain an environment where children feel secure, are encouraged to talk and are listened to.
 - 24.7.2 Ensure children know that there are adults in the school who they can approach if they are worried or have concerns.
 - 24.7.3 Plan opportunities within the curriculum for children to develop the skills they need to assess and manage risk appropriately and keep themselves safe.
 - 24.7.4 Lead and ensure robust arrangements and procedures are in place to effectively manage and regularly monitor the school online safety, and specifically appropriate filtering and monitoring on school devices and school networks which are reflected in this Child Protection Policy, including awareness of ease of access to mobile phone networks. 32. Looked After Children – The Role of Designated Teacher and the Designated Safeguarding Lead

- 32.1 A teacher is appointed who has responsibility for promoting the educational achievement of children who are looked after. They have the appropriate training. The Designated Teacher will work with the Virtual School to ensure that the progress of the child is supported.
- 32.2 The Designated Safeguarding Lead will also have details of the child's social worker and the name of the Head of the Virtual School. The Designated Safeguarding Lead will work closely with the Designated Teacher, as we recognise that children may have been abused or neglected before becoming looked after. We will ensure their ongoing safety and wellbeing as well as supporting their education, through linking with their social worker, carers, and parents where appropriate.
- 32.3 We also recognise those children who were previously Looked-After potentially remain vulnerable and all staff will be informed of the importance of maintaining support for them through our school pastoral system. As a school we will continue to recognise the importance of working with agencies and take prompt actions where necessary to safeguard these children, who may remain vulnerable.
- 32.4 **The Head of the Virtual school includes responsibility for promoting the educational achievement of children in kinship care. Therefore, schools should recognise that these children may require additional support to be successful in school.**

The school does not currently have any LAC pupils on roll.

33. Children with Special Educational Needs

- 33.1 We recognise that children with special educational needs (SEN) and or disabilities can face additional safeguarding challenges on and offline. Children with SEN and or disabilities are especially vulnerable when identifying concerns due to their impaired capacity to resist or avoid abuse. They may have speech, language and communication needs which may make it difficult to tell others what is happening.
- 33.2 All staff are aware that additional barrier can exist when recognising abuse, neglect and exploitation for children with SEND and be more prone to peer group isolation or bullying (including prejudice-based bullying) than other children. They may not always show outward signs and may have communications barriers and difficulties in reporting challenges, especially involving exploitation or incidents involving child-on -child harm, abuse, or harassment and particularly where that harassment or harm is of a sexual nature. Our staff's vigilance will be a supporting factor to keeping all children safe.
- 33.3 Staff should consider extra pastoral support and attention for these children, along with ensuring any appropriate support for communication is in place. Further information can be found in the DfE:
- SEND Code of Practice 0 to 25 years, and Supporting Pupils at School with Medical Conditions.
- 33.4 Our policy reflects the fact that additional barriers can exist when recognising abuse, neglect, and exploitation in this group of children which include:
- 33.4.1 assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's disability without further exploration.

33.4.2 children with SEN and disabilities can be disproportionately impacted by things like bullying, without outwardly showing any signs; and communication barriers and difficulties in overcoming their ability to disclose incidents or the risk of harm they feel subject to,

33.4.3 addressing individual behaviour concerns and incidents considering the child's SEN and disabilities.

33.4.4 recognising and having in place additional support for example to teach, advise, mentor and support children with SEND from online harms, hoaxes, bullying, grooming and radicalisation and enable them to have confidence and the ability to stay safe online, either in schools or outside the school environment.

32.4 Please also refer to the following documents:

- Medication Management Procedures
- Intimate Care Guidance
- Positive Handling Policy

These are all stored electronically and a copy can be requested from the office.

34. Acting where concerns are identified.

34.1 Our staff recognise the difference between concerns about a child and a child in immediate danger.

34.2 If staff have concerns about a child, they will need to decide what action to take. A discussion should take place with the Senior Designated Safeguarding Lead, to agree a course of action.

34.3 If a child is in immediate danger or risk of harm a referral will be made immediately to First Response and/or immediately to the police if at imminent risk of harm by the member of staff if required, with the Designated Safeguarding Lead being informed of the referral.

34.4 If a child chooses to tell a member of staff about alleged abuse, there are several actions that staff will undertake to support the child:

34.4.1 The key facts will be established in language that the child understands, and the child's words will be used in clarifying/expanding what has been said.

34.4.2 No promises will be made to the child, e.g., to keep secrets.

34.4.3 Staff will stay calm and be available to listen.

34.4.4 Staff will actively listen with the utmost care to what the child is saying.

34.4.5 Where questions are asked, this should be done without pressurising and only using open questions.

34.4.6 Leading questions should be avoided as much as possible.

- 34.4.7 Questioning should not be extensive or repetitive.
- 34.4.8 Staff will not/ should not put words in the child's mouth but will subsequently note the main points carefully.
- 34.4.9 A full written record will be kept by the staff duly signed and dated, including the time the conversation with the child took place, outline what was said, comment on the child's body language etc.
- 34.4.10 It is not appropriate for staff to make children write statements about abuse that may have happened to them or get them to sign the staff record.
- 34.4.11 Staff will reassure the child and let them know that they were right to inform them and inform the child that this information will now have to be passed on.
- 34.4.12 The Designated Safeguarding Lead will be immediately informed unless the disclosure has been made to them.
- 34.4.13 Information should be shared with children's social care without delay, either to the child's own social worker or to First Response. Children's Social Care will liaise with the police where required, which will ensure an appropriate police officer response rather than a uniformed response.
- 34.4.14 The Police would only therefore be contacted directly in an emergency or if a child is in immediate risk of harm, abuse, or danger.

Staff should never attempt to carry out an investigation of suspected child abuse by interviewing the child or any others involved, especially if a criminal act is thought to have occurred. The only people who should investigate child abuse and harm are Social Care, Police, or the NSPCC.

35. Confidentiality

- 35.1 We recognise that all matters relating to child protection are confidential; however, a member of staff must never guarantee confidentiality to children; children will not be given promises that any information about an allegation will not be shared.
- 35.2 Where there is a child protection concern it will be passed immediately to the Designated Safeguarding Lead and/or to children's social care. When a child is in immediate danger children's social care/the police will be contacted.
- 35.3 The Headteacher or Senior Designated Safeguarding Lead will disclose personal information about a pupil to other members of staff, including the level of involvement of other agencies, only on a 'need to know' basis.
- 35.4 All staff are aware that they have a professional responsibility to share information with other agencies in order to safeguard children. They are aware that the Data Protection Act 1998 should not be a barrier to sharing of information where failure to do so would result in a child being placed at risk of harm. Staff should refer to the DfE Data Protection guidance for schools (DfE, 2024b).
- 35.5 We acknowledge further guidance can be found by visiting Leicestershire and Rutland Safeguarding Children Partnership website: <https://lrsb.org.uk/>

36. Information Sharing

36.1 Effective sharing of information between practitioners and local organisations and agencies is essential for early identification of need, assessment, and service provision to keep children safe. Serious Case Reviews (SCRs) now known as Rapid Reviews (RRs) have highlighted that missed opportunities to record and thereby understand the significance of sharing information in a timely manner can have severe consequences for the safety and welfare and well-being of children (Working Together to Safeguard Children, December 2023).

36.2 We will adopt the information sharing principles detailed in statutory safeguarding guidance Annex C:

1. Managing Referrals and Child Protection Files

- DSLs are responsible for **ensuring child protection files are kept up to date**, securely stored, and transferred appropriately when a child moves schools.
- They must **share relevant information** with staff and external agencies to support safeguarding, while maintaining confidentiality and data protection standards.

2. Working with Others

- DSLs must **liaise with social workers, local authority safeguarding partners, and other professionals** to ensure coordinated support for children at risk.
- They play a key role in **multi-agency safeguarding arrangements**, contributing to assessments and planning.

3. Holding and Sharing Information

- DSLs must understand the **legal frameworks** that support information sharing, including the **UK GDPR** and **Data Protection Act 2018**.
- Information should be shared:
 - **Proactively**, when it is necessary to protect a child.
 - **Confidentially**, only with those who need to know.
 - **Accurately and proportionately**, ensuring relevance and clarity.
- Consent is not always required if there is a **legal basis** for sharing information to safeguard a child

4. Training and Awareness

- DSLs must ensure staff are trained to understand **when and how to share information** appropriately.
- Staff should be confident in making decisions about sharing concerns, knowing that safeguarding overrides data protection in cases of risk to a child.

36.2.1 DfE KCSiE 2025 has several sections which provide clarity on information sharing processes and GDPR including within Annex C which makes clear the powers to hold and use information when promoting children's welfare.

36.2.2 Working Together to Safeguard Children 2023 paragraphs 28 to 33 and on pages 18 -20.

36.2.3 Information Sharing: Advice for practitioners providing safeguarding services to children, young people, parents, and carers (which has been updated to reflect the General Data Protection Regulation (GPDR) and Data Protection Act 2018.

36.2.4 Leicestershire and Rutland Safeguarding Children Partnership (NSCP) Policy and Practice Guidance.

37. Records and Monitoring

38.

- 38.1 We use an electronic recording system called CPOMs. The system is split into categories ranging from safeguarding including early help, Child Protection, Child in Need, contact with outside agencies to behaviour logs and SEN records. This allows us to have a comprehensive view of each pupil which can be easily monitored by the safeguarding team. The Safeguarding team is automatically tagged into all recorded incidents and are able to add and allocate actions to staff as appropriate. This system is password protected and can only be accessed by authorised staff.
- 38.2 Any concerns about a child will be recorded in writing within 24 hours. All records will provide a factual and evidence-based account and there will be accurate recording of any actions. Records will be signed, dated and, where appropriate, witnessed. Where an opinion or professional judgement is recorded this should be clearly stated as such. As well as keeping records of concerns, discussions and decisions, designated safeguarding leads should keep record of the rationale for any decisions made.
- 38.3 At no time should an individual teacher/member of staff or school be asked to or consider taking photographic evidence of any injuries or marks to a child's person; this type of behaviour could lead to the staff member being taken into managing allegations procedures. The body maps should be used in accordance with recording guidance and to support clarity for example of areas of injury, marks and bruising and or touching.
- 38.4 Any concerns should be reported and recorded without delay to the appropriate safeguarding services e.g., First Response or the child's social worker if already an open case to social care.
- 38.5 A chronology will be kept in the main school file prior to the commencement of a concern file. Staff, particularly pastoral staff, will record any minor concerns on the chronology and will take responsibility for alerting the Designated Safeguarding Lead should the number of concerns rise or, in their professional judgement, become significant. At the point at which a concern file (see below) is commenced then the chronology can be transferred to the concern file.
- 38.6 Our school will ensure all our files will be available for external scrutiny for example by a regulatory agency or because of a serious case review or audit.

39. Why recording is important

- 39.1 Our staff will be encouraged to understand why it is important that recording is comprehensive and accurate and what the messages from serious case reviews are in terms of recording and sharing information. It is often when a chronology of information is pieced together that the level of concern escalates or the whole or wider picture becomes known.
- 39.2 Our school (Wetherley Church of England Primary School) uses CPOMs.
- 39.3 We acknowledge without information being recorded it can be lost. This could be crucial information, the importance of which is not always necessarily apparent at the time. On occasions, this information could be crucial evidence to safeguard a child or be evidence in future criminal prosecutions.

40. The Child Protection (CP), Child in Need (CiN) or Confidential file

- 40.1 A 'child protection' or 'confidential' file should be commenced in the event of:
- A referral to First Response/Children's Social Care.
 - A number of minor concerns on the child's main school file.
 - Any child open to social care.
- All 'child protection' or 'confidential' file should contain the following A front sheet.
- A chronology.
 - A record of concern in more detail and body map, where appropriate.
 - A record of concerns and issues shared by others.
- 40.2 The school will keep electronic records of concerns about children even where there is no need to refer the matter to First Response/Children's Social Care (or similar) immediately, but these records will be kept within the separate concerns file.
- 40.3 Records will be kept up to date and reviewed regularly by the Snr Designated Safeguarding Lead, to evidence and support actions taken by staff in discharging their safeguarding arrangements. Original notes will be retained (but clearly identified as such) as this is a contemporaneous account; they may be important in any criminal proceedings arising from current or historical allegations of abuse or neglect.
- 40.4 Our electronic files are protected by two factor authorisation systems and are cloud based which reduces the risk of them being wiped in the event of a server malfunction. The files are routinely reviewed by the safeguarding team.
- 40.5 The 'confidential' file can be active or non-active in terms of monitoring i.e., a child is no longer LAC, subject to a child protection plan or EHAF and this level of activity can be recorded on the front sheet as a start and end date. If future concerns arise, they can be re-activated and indicated as such on the front sheet and on the chronology as new information arises.

41. Transfer of child's child protection file, child in need, LAC, or confidential file (statutory requirement):

- 41.1 Our *school*/will adopt the file transfer guidance contained in KCSiE 2025 and ensure when a child moves school/education provision their child protection/confidential file is sent securely to their new educational setting when the child starts/ leaves the school/academy.
- 41.2 For those children subject of social care and safeguarding agency involvement will ensure the file is able to evidence the child's journey and include key information as described in KCSiE 2025 should a child subject to social care involvement transfer schools, college, or education provider we will ensure the child's child protection or confidential file move is transferred within 5 days as required by KCSiE.

- 41.3 Our Senior DSLs will liaise directly with the receiving school, college or alternative placement and hold a discussion to share important information to support the child's transfer to ensure the child remains safeguarded, has any 'reasonable adjustments' agreed, and put in place and to ensure the changes experienced by the child are as smooth as possible to enable a positive integration experience and engagement with new staff and learning.
- 41.4 In accordance with KCSiE 2025 we will maintain information on cohorts of children who have been open to social care, have had a social worker or who are closed to social care and may have returned to the family home. This information will only be considered for sharing 'if appropriate' with the new school or provider in advance of the child leaving to allow for the new school to continue supporting the children who have had a social worker or been victims of abuse, including those who are currently receiving support through the 'Channel' programme.
- 41.5 **When a child attends Alternative Provision the safeguarding file will remain with the child's school, the DSL must share relevant information to allow the Alternative Provision to safeguard the child.**

[KCSiE 2025 Annex C]

42. Recording Practice

- 42.1 Timely and accurate recording will take place when there are any issues regarding a child.
- 42.2 A recording of each and every incident or concern for the child will be made, including any telephone calls to other professionals. These will also be recorded on the chronology and kept within the child protection file for that child, as over time they are likely to help identify any patterns or emerging risks and needs. This will include any contact from other agencies who may wish to discuss concerns relating to a child. Actions will be agreed, and roles and responsibility of each agency will be clarified, and outcomes recorded.
- 42.3 The chronology will be brief and log activity; the full recording will be on the record of concern.
- 42.4 Further detailed recording will be added to the record of concern and will be signed and dated. Records will include an analysis of the event or concerns and will take account of the holistic needs of the child, and any historical information held on the child's file.
- 42.5 Support and advice will be sought from social care, or early help whenever necessary. In this way a picture can emerge, and this will assist in promoting an evidence-based assessment and determining any action(s) that needs to be taken.
- 42.6 This may include no further action, whether an Early Help Assessment should be undertaken, or whether a referral should be made to First Response/Children's Social Care in-line with the Threshold for access to services published September 2021, or any later edition made available by Leicestershire and Rutland Safeguarding Children Partnership.

- 42.7 Such robust practice across child protection and in safeguarding and promoting the welfare of children will assist the school and DSL team in the early identification of any concerns which may require addressing further and the prevention of future harm, risk, or abuse.
- 42.8 The Designated Safeguarding Lead will have a systematic means of monitoring children known or thought to be at risk of harm (through the concern file and through an ongoing dialogue with pastoral staff). They will ensure that we contribute to assessments of need and support multi-agency plans for those children.

43. Educating Young People – Opportunities to teach safeguarding
[KCSiE 2025 paragraphs 124 to 139, Annex A & Annex C Online Safety paragraph 140 to 150].

- 43.1 As a school we will teach children in an age-appropriate way about youth produced imagery, on-line risks associated with social networking to prevent harm by providing them with the skills, attributes, and knowledge to help them navigate risks, including covering online safety, remote learning, filters and monitoring, information security, cyber-crime, **fake news, disinformation and conspiracy theories**, reviewing online safety platforms and use of mobile technology. We will ensure appropriate filters and monitoring systems in place and regularly review their effectiveness.
- 43.2 The education we provide for online safety will take into account the need for children to learn using online technologies **to include generative artificial intelligence** in a safe environment whether that be in school, in the home or in a community environment. This will also be taught as part of a wider RSHE programme, as well as through other subject areas and ICT.
- 43.3 We will ensure a whole school approach is in place to promote giving children the space to explore key issues in a sensitive way and the confidence to seek the support of adults should they encounter problems or online harms, hoaxes or harassment including involving incidents of sexual violence and sexual harassment between children.
- 43.4 We will carefully consider mobile phone use and the new filtering and monitoring standard required by DfE and how this is managed in school and ensure it is reflected in our mobile and smart technology policy. This will include where children have unlimited and unrestricted access to the internet via mobile phone networks (i.e., 3G, 4G and 5G). Pupils in our school do not routinely have access to mobile phones during the school day.
- 43.5 Our arrangements will be regularly reviewed to address this additional area of safeguarding as technologies change on a regular basis and having access to smart technology could mean some children, whilst at school/college, sexually harass, bully, and control others via their mobile and smart technology, share indecent images consensually and non-consensually (via large chat groups) and view and share pornography and other harmful content.
- 43.6 As a school we will teach children in an age-appropriate way about youth produced imagery, on-line risks associated with social networking to prevent harm by providing them with the skills, attributes, and knowledge to help them navigate risks, including covering online safety, remote learning, filters and monitoring, information security, cyber-crime, reviewing online safety platforms and use of mobile

technology. We will ensure appropriate filters and monitoring systems in place and regularly review their effectiveness.

43.7 We use class dojo to information with parents on the dangers associated with online activities and where to seek support in the form of leaflets and images.

43.8 Pupils at Witherley school would not routinely access education at home. In the event that parents seek advice on how to support their children further at home school will provide parents with a list of suitable online resources and wherever possible books/paper resources.

Our school's response to identifying, responding to, and managing concerns, incidents, or disclosures regarding sexual violence between children in school:

1. Identification and Early Recognition

- Staff must be trained to **recognise signs of sexual violence and harassment**, including changes in behaviour, emotional distress, or disclosures.
- Schools should foster a culture where children feel **safe to speak up**, and where staff are confident in identifying concerns.
- **Education through PSHE and RSE** helps children understand boundaries, consent, and respectful relationships.

2. Immediate Response to a Disclosure or Incident

- **Take all disclosures seriously**, regardless of the perceived severity.
- **Listen calmly and non-judgmentally**, reassuring the child that they are being heard and supported.
- **Avoid promising confidentiality**—explain that information may need to be shared to keep them safe.
- **Record the disclosure accurately and promptly**, using the child's own words where possible.
- **Report immediately to the Designated Safeguarding Lead (DSL)**, who will assess the situation and take appropriate action.

3. Managing the Incident

- The DSL will:
 - **Assess the risk** to the child and others.
 - **Liaise with social care and police** if the incident meets the threshold for referral.
 - **Ensure safeguarding measures** are in place for both the victim and alleged perpetrator.
 - **Consider the educational impact**, including possible separation of pupils, support plans, and adjustments to routines.
- Schools must **not delay action** while waiting for outcomes from external agencies.

4. Supporting the Victim

- Provide **ongoing emotional support**, possibly through counselling, mentoring, or pastoral care.
- Ensure the child feels **safe and respected** in the school environment.
- Involve parents/carers appropriately, unless doing so would place the child at further risk.

5. Supporting the Alleged Perpetrator

- Schools must balance safeguarding with **fair treatment**, especially if the alleged perpetrator is also a child.
- Support may include **pastoral care, behaviour interventions**, and referrals to external services.
- Decisions about disciplinary action should be made in line with safeguarding advice and legal guidance.

6. Whole-School Approach

- Embed a culture of **zero tolerance for sexual violence and harassment**.
- Ensure **staff training**, clear policies, and pupil education are in place.
- Promote **respectful relationships and consent education** through curriculum and assemblies.

7. Record Keeping and Review

- Maintain **detailed records** of incidents, actions taken, and outcomes.
- Regularly **review safeguarding policies and procedures** to ensure they remain effective and compliant with statutory guidance.

44. Helplines and reporting

- 44.1 Children can talk to a Child Line counsellor 24 hours a day about anything that is worrying them by ringing 0800 11 11 or in an online chat at <https://www.childline.org.uk/get-support/1-2-1-counsellor-chat/>

Body Map Guidance for Schools

Medical assistance should be sought where appropriate.

Body Maps should be used to document and illustrate visible signs of harm and physical injuries.

Always use a black pen (never a pencil) and do not use correction fluid or any other eraser.

Do not remove clothing for the purpose of the examination unless the injury site is freely available because of treatment.

***At no time should an individual teacher/member of staff or school be asked to or consider taking photographic evidence of any injuries or marks to a child's person, this type of behaviour could lead to the staff member being taken into managing allegations procedures, the body map below should be used in accordance with recording guidance. Any concerns should be reported and recorded without delay to the appropriate safeguarding services,**

e.g., First Response or the child's social worker if already an open case to social care.

When you notice an injury to a child, try to record the following information in respect of each mark identified e.g. red areas, swelling, bruising, cuts, lacerations and wounds, scalds, and burns:

- Exact site of injury on the body, e.g., upper outer arm/left cheek.
- Size of injury - in appropriate centimetres or inches.
- Approximate shape of injury, e.g. round/square or straight line.
- Colour of injury - if more than one colour, say so.
- Is the skin broken?
- Is there any swelling at the site of the injury, or elsewhere?
- Is there a scab/any blistering/any bleeding?
- Is the injury clean or is there grit/fluff etc.?
- Is mobility restricted as a result of the injury?

- Does the site of the injury feel hot?
- Does the child feel hot?
- Does the child feel pain?
- Has the child's body shape changed/are they holding themselves differently?

Importantly the date and time of the recording must be stated as well as the name and designation of the person making the record. Add any further comments as required.

Ensure First Aid is provided where required and record.

A copy of the body map should be kept on the child's child protection file.

Child-on-Child Abuse, Sexual Violence and Sexual Harassment Policy (2025–2026)

1. Introduction

This appendix outlines the school's approach to preventing, identifying, and responding to child-on-child abuse, including sexual violence and sexual harassment. It complements the main Child Protection Policy and reflects statutory guidance from Keeping Children Safe in Education (KCSIE) 2025.

2. Definition of Child-on-Child Abuse

Child-on-child abuse refers to any form of physical, sexual, emotional, or psychological abuse perpetrated by children towards other children. This includes: Bullying (including cyberbullying and discriminatory bullying), Physical abuse (e.g. hitting, kicking, biting), Sexual violence (e.g. rape, assault by penetration), Sexual harassment (e.g. sexual comments, jokes, online harassment), Abuse in intimate relationships between peers, Non-consensual sharing of sexual images (sexting), Initiation/hazing rituals, Upskirting.

3. School Commitment

The school has a zero-tolerance approach to all forms of abuse. Abuse will never be dismissed as “banter”, “part of growing up”, or “boys being boys”. All incidents will be taken seriously and dealt with appropriately.

4. Prevention Strategies

Curriculum: Age-appropriate Relationships and Sex Education (RSE) and PSHE lessons. Staff Training: Annual safeguarding training includes recognising and responding to child-on-child abuse. Student Awareness: Assemblies, posters, and peer mentoring to promote respectful behaviour and safe reporting.

5. Responding to Incidents

When an incident is reported: Immediate Response: Staff will listen, reassure, and record the disclosure accurately. DSL Involvement: The Designated Safeguarding Lead (DSL) will assess the risk and determine next steps. Support for Victims: Emotional support, counselling, and safeguarding measures will be provided. Managing Alleged Perpetrators: Appropriate disciplinary action, safeguarding support, and referrals will be made. Contextual Safeguarding: Consideration of wider environmental factors contributing to the abuse.

6. Reporting and Record-Keeping

All incidents will be recorded securely and reported to relevant authorities where necessary, including: Local Authority Designated Officer (LADO), Police (in cases of sexual violence), Children's Social Care.

7. Risk Assessment

A risk assessment will be conducted for all incidents involving sexual violence or harassment to ensure the safety of all pupils involved, including classroom arrangements and supervision.

8. Support Services

The school will signpost and refer pupils to external support services such as: Childline, NSPCC, CAMHS, Local sexual violence support services.

9. Monitoring and Review

This appendix will be reviewed annually or following any significant incident or change in legislation. It will be ratified by the Governing Body and published on the school website.

Appendix 5

Existing Injuries Form – Tool to support reflection.

The recording of injuries which children have sustained outside of a care or education setting, including the explanation given by the child, their parent or carer, plays a key role in identifying safeguarding concerns. Lessons from Child Safeguarding Practice Reviews tell us that the reflection which takes place alongside the recording is also key, particularly in identifying patterns to injuries.

This tool has been co-designed by practitioners who are dealing with these issues on a day-to-day basis. Whilst it is for each setting to determine how they discharge their safeguarding responsibilities, this tool is being made available to support you in the difficult work you do, with the aim of keeping our children safe.
