Progression in language, vocabulary and key ideas in Religious Education

This table shows how learning across the age groups develops and uses the language of religious study and of particular religions in increasing depth and complexity. The selected terminology is a brief minimum that might feature in the planning of RE and can contribute to coherent progression. The lists are cumulative – begin on the left and move right. The key question here is not ‘Do the pupils know the words?’ but ‘Can the pupils use the language and ideas of religions and religious study to explain their understanding?’
